DIGIFORT TECHNICIAN CERTIFICATION WORKSHOP

Professional In-Person Training – Digifort Academy, Antwerp

What is this training?

A comprehensive, certification-driven training course for Digifort technicians and integrators. Conducted in-person at the European Elbex Academy, this workshop offers a fast track through the Essentials, Advanced, and (optionally) Expert levels, using real-world scenarios, hands-on configuration, and professional coaching.

Entry Requirement (Mandatory):

Before registration, you must already be certified at KICKSTART level. This is confirmed via an online entry exam (Examination 1). Digifort must be pre-installed on your own laptop with elevated rights.

Day 0 – Arrival (Evening Before Day 1)

- Hotel stay included
- Tram ticket included (for 2/3 training days)
- Dinner included
- You'll receive a personalized welcome letter with tram directions to the academy

Travel to and from Antwerp is at your own expense.

Day 1 – Essentials + Advanced + Exams

09:00–11:00:

Master-level kickoff packed with field-proven tips, best practices, and insights to unlock Digifort's full potential.

11:15–12:15:

Essentials, Technician Level 1 Examination

12:30–13:30:

Lunch included (local fresh sandwich of choice)

13:30–16:45:

Advanced (Technician Level 2): system overview, GUI, configuration fundamentals, practical settings, integrations, media profiles, alarms, VMS architecture, metadata, event automation

17:00:

Examination 2 – Essentials level

18:00:

Tram to Antwerp city center (included)

19:00–22:00:

Group dinner (diner included) with instructor

Hotel stay included (same as Day 0)

Day 2 – Configuration Lab + Specialist Modules

Laptop required; practical installation of Digifort

09:00–12:30:

Hands-on lab: setting up Digifort VMS from scratch, based on scenario specs

12:30–13:30:

Lunch included

13:30–17:00:

Module exercises + coaching: DRT/DDT, Z1 Dashboards, VCA ProAI, LPR

16:30–17:30:

Examination 3 – Advanced level

After training ends: Participants are free (dinner + hotel NOT included).

All necessary training material and configurations are yours to keep.

Day 3 (Optional) – Expert Level & Final Project

For participants choosing to move toward Technician Level 3+ certification.

09:00–12:30:

Guided implementation of full deployment scenario (multi-module)

12:30–13:30:

Lunch included

13:30–16:30:

Independent project work + instructor coaching

16:30:

Examination 4 – Expert level assessment

Dinner included

Tram ticket for Day 3 included

Hotel night is not included (but Elbex can book it for you on request – billed to participant)
